

# PRESSURE DROP CHARTS FOR "Y" TYPE STRAINERS

## THREADED AND WELD END "Y" TYPE STRAINERS

## FLANGED END "Y" TYPE STRAINERS

**NOTE:**

These charts apply to clean perforated screens used for water service.

For mesh lined screens, multiply by the following:

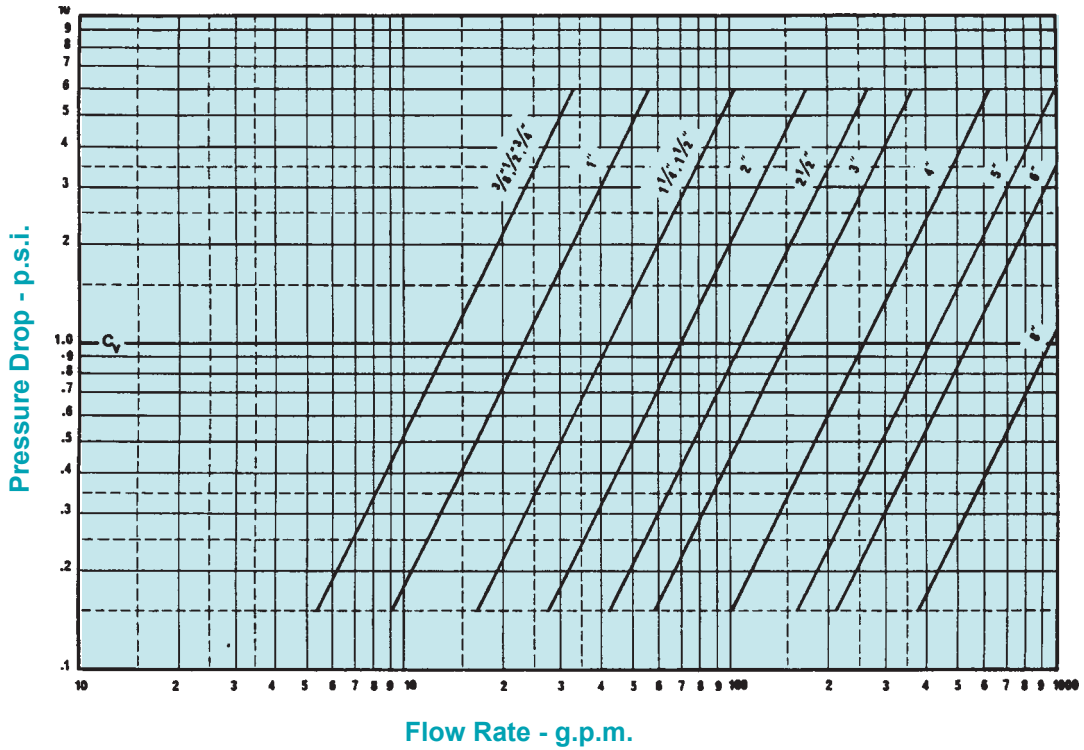

20, 30, 40 mesh x 1.2    60 mesh x 1.4    80 mesh x 1.6    100 mesh x 1.7

Consult our Engineering Department for pressure drop information on steam, gases or viscous fluids

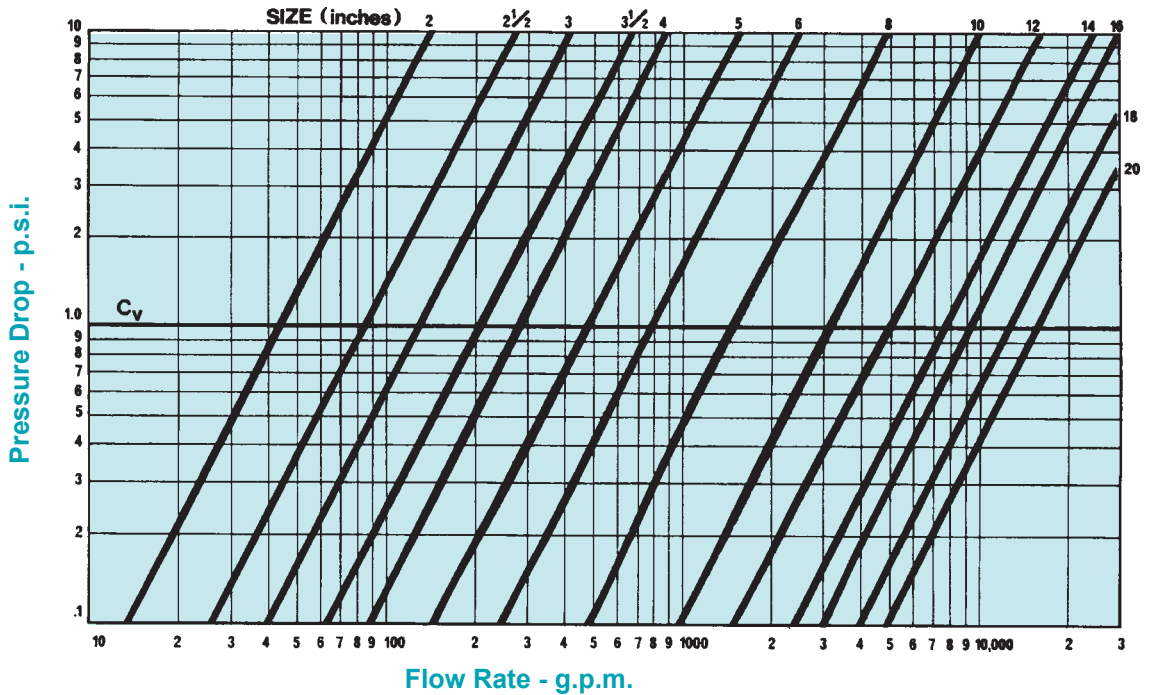

# PRESSURE DROP CHARTS FOR BASKET STRAINERS

**MODELS:**  
BS25, BS26  
BS35, BS36

**MODELS:**  
BS65, BS66  
BS85, BS86

**NOTE:**

These charts apply to clean perforated screens used for water service.

For mesh lined screens, multiply by the following:

20, 30, 40 mesh x 1.2    60 mesh x 1.4    80 mesh x 1.6    100 mesh x 1.7

Consult our Engineering Department for pressure drop information on steam, gases or viscous fluids
